

## **ADVERSE WEATHER**

At Monkey Puzzle Day Nursery we have an adverse weather policy in place to ensure our nursery is prepared for all adverse weather such as floods, snow and heat waves.

If any of these incidents impact on the ability for the nursery to operate, we will contact parents via Family/Facebook.

### **Flood**

There is always a danger of flooding from adverse weather conditions or through the water/central heating systems. We cannot anticipate adverse weather; however, we can ensure that we take care of all our water and heating systems through regular maintenance and checks to reduce the option of flooding in this way. Our central heating systems are checked and serviced annually by a registered gas engineer and they conform to all appropriate guidelines and legislation.

If flooding occurs during the nursery day, the nursery manager will make a decision based on the severity and location of this flooding, and it may be deemed necessary to follow the fire evacuation procedure. In this instance children will be kept safe and parents will be notified in the same way as the fire procedure.

Should the nursery be assessed as unsafe through flooding, fire or any other incident we will follow our operational plan and provide care in Rushmoor School, which is located down the road from the setting.

### **Snow**

If high snow fall is threatened during a nursery day then the nursery manager will take the decision as to whether to close the nursery. This decision will take into account the safety of the children, their parents and the staff team. In the event of a planned closure during the nursery day we will contact all parents to arrange for collection of their child.

In the event of staff shortages due to snow we will contact all available off duty staff and/or agency staff and group the children differently until they are able to arrive. If we are unable to maintain statutory ratio requirements after all avenues are explored, we will contact Ofsted to inform them of this issue, recording all details in our incident file. If we feel the safety, health or welfare of the children is compromised then we will take the decision to close the nursery.

### **Heat wave**

Please refer to our Sun Care policy.
